

## **Bankable Feasibility Study Manager**

### **Share the Vision, Share the Wealth**

*Linc Energy is the Australian pioneer in clean coal technology leading the charge to develop alternative energy sources. We are currently in the final stages of commissioning a demonstration Gas-to-Liquids plant converting syngas produced by Underground Coal Gasification into clean fuels. To complete this leading national project Linc Energy is in the middle of an aggressive recruitment campaign.*

*We encourage our team to prosper through having a direct impact on not only the success of the business, but their own personal wealth generation. To do this we offer our employees an extraordinary opportunity to become a shareholder in the business through our employee share option scheme.*

### **Want to be part of creating the journey?**

The Bankable Feasibility Study Manager, BFS, will oversee the timely delivery of all components of the commercial scale Linc Energy Coal-to-Liquids Bankable Feasibility Study. This study will consist of engineering, marketing, environmental, societal, and financial components.

Working with the Gas-to-Liquids, Underground Coal Gasification, Environmental Impact, Regulatory Approval, Commercial, and Financial teams, the Bankable Feasibility Study Manager will ensure that all BFS criteria are met and delivered in a timely, financially prudent, manner.

Reporting directly to the Chief Operating Officer, the Bankable Feasibility Study Manager, will ensure exemplary communication among all stake-holders both internal and external to Linc Energy.

This role requires a tertiary degree in an engineering discipline, exceptional, complex, project management experience, a solid understanding of process and financial modelling, written communication expertise, and a track-record of successful Bankable Feasibility Study delivery.

You will be rewarded with excellent remuneration including sharing in the financial success of the business with share options, salary packaging options as well as an exceptional career opportunity. The position is based in Brisbane with regular travel to site at Chinchilla and occasional interstate or overseas travel.
