

Exploration Geologists

Share the Vision, Share the Wealth

Linc Energy is the Australian pioneer in clean coal technology leading the charge to develop alternative energy sources. We are currently in the final stages of commissioning a demonstration Gas-to-Liquids plant converting syngas produced by Underground Coal Gasification into clean fuels. To complete this leading national project Linc Energy is in the middle of an aggressive recruitment campaign.

We encourage our team to prosper through having a direct impact on not only the success of the business, but their own personal wealth generation. To do this we offer our employees an extraordinary opportunity to become a shareholder in the business through our employee share option scheme.

Join us on the journey

We are seeking three experienced Exploration Geologists for Linc Energy's extensive operations. These roles involve our current operations in the field at Chinchilla, Sth Australia & Emerald, as well as research, development and exploration for future projects.

You will be a self starter who has worked a drill rig program, providing supervision and guidance to the team. Working closely with our Exploration Team based in Brisbane, you will be comfortable working autonomously and being responsible for furthering the field exploration programs.

To be successful you will have:

- Tertiary qualifications in Geology, Hydro-geology or Geo-physics
- 2-5 years field work experience with mining, exploration or geology consultants
- Demonstrated experience working drill rig programs
- Valid Australian drivers licence

This is an exceptional opportunity for an experienced Geologist/s looking for the next challenge with an exciting and innovative company. There will be ongoing opportunities for to reach your full potential, as you help us achieve ours.

You will also be rewarded with excellent remuneration including sharing in the financial success of the business with share options, salary packaging options as well as an exceptional career opportunity.
