

Senior Operator - Production

Share the Vision, Share the Wealth

Linc Energy is the Australian pioneer in clean coal technology leading the charge to develop alternative energy sources. We are currently in the final stages of commissioning a demonstration Gas-to-Liquids plant converting syngas produced by Underground Coal Gasification into clean fuels. To complete this leading national project Linc Energy is in the middle of an aggressive recruitment campaign.

We encourage our team to prosper through having a direct impact on not only the success of the business, but their own personal wealth generation. To do this we offer our employees an extraordinary opportunity to become a shareholder in the business through our employee share option scheme.

Want to be part of the journey?

Owing to our continual growth we are requiring a Senior Operator to manage and coordinate all activities relating to the safe and efficient operations of our Underground Coal Gasification site at Chinchilla. The Senior Operators lead a team of Operators on a rotational roster basis to ensure UCG gas is consistently produced safely and efficiently, on a 24/7 basis.

In order to be successful you will have:

- Experience in production supervision in oil/gas, coal or engineering
- Excellent organisational skills
- Supervisory and leadership experience
- Demonstrated commitment to safety
- Advanced computer skills
- Exceptional communication and planning skills
- Able to work a 24hr roster

The successful candidate will be rewarded with a generous salary package including share options, ongoing training and development, including the opportunity to work overseas.

For a confidential discussion please contact Natalia Smyth, Resource Specialist on (07) 3229 0800. **Please send your application, indicating your hourly rate/salary expectations to employment@lincenergy.com.au**
